# Instructions on how to use IndieFlix with the xBox or Roku

We are pleased to be able to offer select films from IndieFlix for libraries through the IndieFlix app on Roku and the xBox. Each of these devices attach to a television set and may require separate usage/internet fees specific to the devices. For library patrons that have these devices installed and would like to use IndieFlix, they can tie their free library account to the IndieFlix app on the Roku or xBox. Films that are available on Roku or xBox show the following symbol on the film page:

ROKU Instructions for IndieFlix

Create and sign into your IndieFlix library account. After signing in, scroll to the bottom of the page and click on IndieFlix on Roku and follow the instructions below:

xBox Instructions for IndieFlix

1. Login to your library IndieFlix account, scroll to the bottom of the page, and click the "IndieFlix on Xbox" button. This will generate an activation code for you to enter on your Xbox.

2. Power up your Xbox and on the Xbox home screen, select the "App" page. Browse Apps until you find IndieFlix and download the app.

3. Select the "Log In" tile on the home screen of the IndieFlix app. This will open a box for you to type in the code you received on indieflix.com.

4. Enter the code and you're good to go!

5. Repeat these steps for multiple Xbox devices, as each Xbox will need to be connected to your IndieFlix membership.
